## Camfil Australia consolidates acquired businesses, Airepure and FilterTech

Stockholm, Sweden, 27<sup>th</sup> April - Following Camfil's acquisition of [Airepure Australia in March 2020](#), the premium clean air solutions manufacturer is now pleased to announce the consolidation of its Australian businesses.

Effective 1 May 2021, Airepure Australia Pty Ltd and FilterTech Australia will cease trading, and operate as Camfil Australia Pty Ltd.

Since entering the Australian market in 1999, Camfil has grown its local presence, with operations now located in **Sydney, Melbourne, Brisbane,**

## **Adelaide, Perth, Canberra, and The Gold Coast.**

Camfil Australia offers an extensive range of products and technical services supporting a wide range of industry applications. These industries include HVAC, healthcare, pharmaceutical, life science, food and beverage, mining, gas turbines, and many more.

Our combined experience and resources allow us to comprehensively manage and facilitate capital projects and subsequently provide specialist services to our customers. Services such as NATA<sup>[1]</sup> accredited testing compliment our core air filtration portfolio.

We are committed to providing safe and appropriate air filtration solutions to the Australian market.

For more information, please contact Camfil Australia on 1300 886 353.

---

For more than half a century, Camfil has been helping people breathe cleaner air. As a leading manufacturer of premium clean air solutions, we provide commercial and industrial systems for air filtration and air pollution control that improve worker and equipment productivity, minimize energy use, and benefit human health and the environment. We firmly believe that the best

solutions for our customers are the best solutions for our planet, too. That's why every step of the way – from design to delivery and across the product life cycle – we consider the impact of what we do on people and on the world around us. Through a fresh approach to problem-solving, innovative design, precise process control, and a strong customer focus we aim to conserve more, use less, and find better ways – so we can all breathe easier.

The Camfil Group is headquartered in Stockholm, Sweden, and has 33 manufacturing sites, six R&D centres, local sales offices in 30 countries, and 4,800 employees and growing. We proudly serve and support customers in a wide variety of industries and in communities across the world. To discover how Camfil can help you to protect people, processes, and the environment, visit us at [www.camfil.com](http://www.camfil.com).
