Camfil's Spanish Factory, Previously Servifiltro, Officially Opens

In 1995, the Camfil Group opened its first office in Spain. Over the last 23 years, Camfil has become a leader in the Spanish market in sales and quality products. Priding ourselves on our values, reliability, compromise, customer satisfaction, teamwork and local presence, we acquired Servifiltro S.L. in October of 2017. Servifiltro S.L brought more than 35 years of experience in the comfort and OEM air filter market as well as an area of over 10.000 m² for production enabling optimum manufacturing, speedy logistics and room for large stock. Our aim for the future is to continue contributing solutions in air filtration, improving your expectations.

"We are proud to welcome Servifiltro to the Camfil family," Javier Torron, MD

Camfil Iberia said. “Servifiltro represents an important strategic piece for our product and segment strategy and will perfectly complement Camfil’s own market presence on the Iberian Peninsula.”

The factory officially opens with the Camfil name on February 7, 2019.

For more than half a century, Camfil has been helping people breathe cleaner air. As a leading manufacturer of premium clean air solutions, we provide commercial and industrial systems for air filtration and air pollution control that improve worker and equipment productivity, minimize energy use, and benefit human health and the environment. We firmly believe that the best solutions for our customers are the best solutions for our planet, too. That’s why every step of the way – from design to delivery and across the product life cycle – we consider the impact of what we do on people and on the world around us. Through a fresh approach to problem-solving, innovative design, precise process control and a strong customer focus we aim to conserve more, use less and find better ways – so we can all breathe easier.

The Camfil Group is headquartered in Stockholm, Sweden, and has 28 manufacturing sites, six R&D centres, local sales offices in 26 countries, and 4,180 employees and growing. We proudly serve and support customers in a wide variety of industries and in communities across the world.
